Directions:

Step 1: Cut the DSP into Four 3" x 12" strips. Cut each strip into four 2-3/4" x 3" pieces. You will end up with 16 "squares" and 4 rectangles for a total of 20 pieces (see Diagram A below),

Step 2: Score all six of the 8-1/2" x 11" cardstock as shown by dotted lines in Diagram B.

Step 3: Cut scored cardstock into three 3" strips as indicated by solid lines in Diagram B. You will have a narrow strip left over from each piece of cardstock. When you're done you'll have eighteen 3" x 11" pieces and four 2" x 11" pieces. Save the 2" strips for another project. Fold each piece at the creases.

Step 4: Adhere the DSP onto the 3" x 3-1/2" section. Embellish as desired with Stamps and additional cardstock.

Step 5: Place your treat on the cardstock right at the 3/4" score mark. Lift the flap up and staple. Fold over the top flap and you are done!
