

DSP Pursebag w/ Notecards

My version is made using the free hostess 6" x 6" DSP but 12" x 12" can be used as well

Supplies:

4 pieces of 6" x 6" Designer Series Paper (DSP) **OR**
 1 full sheet Designer Series Paper (DSP) (12" x 12")
 6 SU! Notecards w/ Envelopes (2-1/2" x 5")
 1 2-1/2" x 5" piece of coordinating cardstock
 2-3 sheets of coordinating cardstock (*and additional DSP*)
 12" Paper Cutter w/ both cutting and scoring blades
 Sticky Strip, Snail Adhesive, Dimensionals
 Punches: SU! border (your choice), 2-3/8" Scallop Circle,
 1-3/4" Circle Extra Large, Word Window, Modern Label
 Top Note die, Square Lattice TIEF
 Assorted Stamps, Stamp Pads
 4 Jumbo Eyelets, 8 Mini brads, 1 Antique brad, Ribbon
 Crop-a-Dile

Directions:

Step 1: Cut the 12" x 12" piece of DSP OR the 4 pieces of 6" x 6" DSP as shown in the diagrams below:

OR

Cut 2 sheets at one time
 (will give you a total of 6
 pieces for the cards)

Step 2: Place Sticky Strip along the bottom (6") edge of one of the 5-1/2" x 6" pieces of DSP. Do the same for the other 5-1/2" x 6" piece but also put strips along sides.

Step 3: Cut two 1" x 6" strips of coordinating cardstock and use a Border punch along one edge of each strip. Place Sticky Strip along entire length of the trim and adhere to the bottom (6") edge of each of DSP.

Step 4: Cut 2 pieces of cardstock with the Top Note Die and then emboss each piece with the Square Lattice Textured Impressions Embossing Folder. Fold each Top Note piece in 1/2 and then adhere to the tops of each of the 5-1/2" x 6" pieces of DSP. Punch holes for the Jumbo eyelets using the larger holes of the Crop-a-Dile, insert eyelets and then press to close the backs.

Step 5: Score the 2-1/2" x 5" square piece of cardstock at 1/2" on all four sides. Make a cut from the outside edge to the inner score mark on the 2 opposite sides. Fold the flaps up and use sticky strip to assemble the base of bag.

Step 6: Take the 5-1/2" x 6" piece of DSP that only has the Sticky Strip across one edge and adhere along the longer edge of the bag base (*try to center the piece so it wraps evenly around each side section*). Take the other 5-1/2" x 6" piece of DSP and do the same on the other side and overlap the 1st piece along the sides.

Step 7: Insert ribbons into eyelets and tie knots in ends to form handles. Your bag is now complete!! (*If desired, embellish bag with a flower. I used the 2-3/8" Scallop Circle pieces to punch 8 layers out of additional DSP and then made short cuts between every other scallop, crinkled each piece, flatten & layer pieces. Punch a hole in one of the top note die sides and attach the stacked flower pieces with an antique brad.*)

Step 8: Embellish notecards using the other cut pieces of DSP (*layered on four 3-1/4" x 4-3/4" and two 1-3/4" x 5" pieces of coordinating cardstock*). Stamp images on white cardstock and punch with 1-3/4" circle punch (*and layer on 2-3/8" scallop circle pieces*). Stamp words and punch with Word Window punch (*and layer on Modern Label punched cardstock*). Place the completed cards and envelopes in the pursebag and you have a great gift item!
